KITE
CATALOGUE
1992

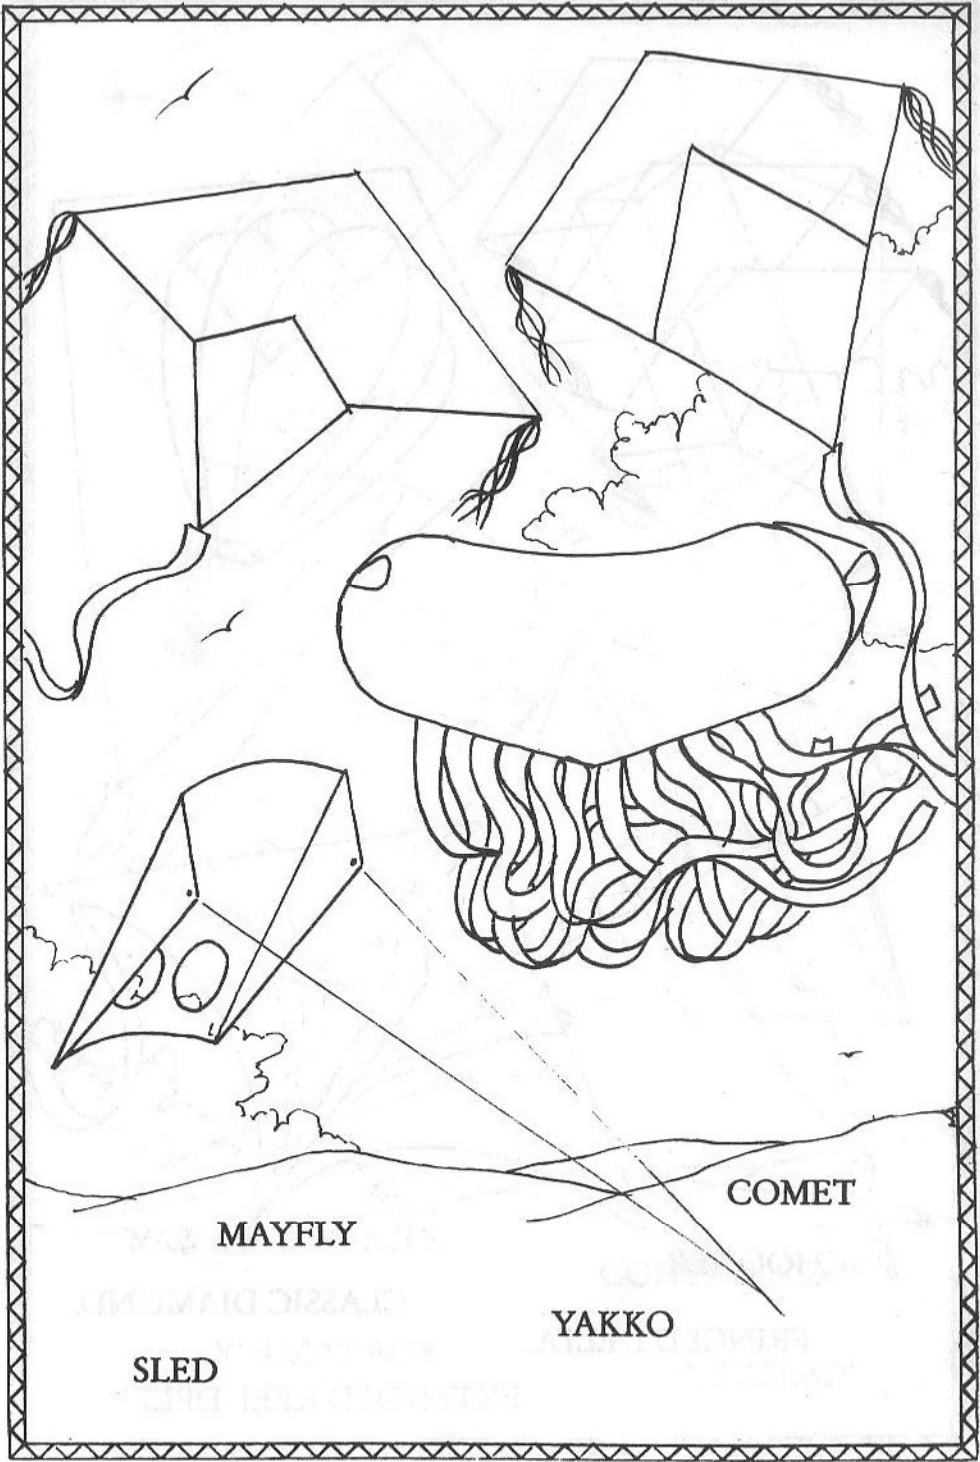

Discover the magic of flight with kites in designs from 1.000 years old to those at the forefront of modern stunt kite technology and just about everything in between.

From utterly foolproof flyers for klutzes of all ages to lean, mean speed machines with impressive fiddly bits (for the sort of people who like that kind of thing!) We guarantee our kites are 100% wholesome addictive fun.

All our range is made to the highest standards of quality and finish and is available in numerous colourways from stock or to order. Applique commissions are our speciality on any of our larger kites (or any kite you fancy really)?

Schools workshops based on the national curriculum subjects of arts & crafts and science & design technology a very popular service, we also teach other groups of all ages and levels of ability. To discuss the requirements of your school or group why not give us a ring, these workshops are great fun and educational too !

Front cover: 3.0m Delta, Thunderbird applique design based on American Indian Totem.

FIREFLY.

CYCLONE

COMET.

Lively beginners/childrens kite, available in nearly 100 different colour combinations. Fibreglass bow. Light to fresh winds. 0.6m.

SLED

'No messing', basic childrens kite. No assembly required just attach the line and fly. Unbreakable fibreglass frame. Light to moderate winds. 0.5m

MAYFLY

Attractive, lively kite for beginners or experienced flyers. Available in a large range of colour combinations. Without a tail it can be flown like a fighter. Light to fresh winds. 0.5m

YAKKO

The foolproof kite! You can't even fly it the wrong way round. No assembly required, just attach the line and fly. Unbreakable fibreglass frame. Complete with multicoloured tail. Light to fresh winds. 0.9m wingspan.

CLASSIC DIAMOND.

Standard Dihedral Diamond kite suitable for both beginners and experienced flyers. Multi coloured and applique designs. Available from stock or design your own! Light to moderate wind. 0.8m and 1.0m sizes available (larger if required).

SCHOONER

Triple bowed design based on the fighting kite. Very easy to fly with a tail – Great fun without! Literally hundreds of colour combinations to choose from. Light to moderate winds. 1.0 m.

FRINGED DELTA.

An elegant kite that is both easy and reliable to fly. Reminiscent of the hang glider. Available in 1.2m or 2.0m wingspan, larger if required. Light to moderate winds.

EXTENDED KEEL DELTA.

High performance Delta that flies in the lightest of winds at an astonishing elevation. Very light to moderate wind. 1.35m wingspan.

W.I.W.A.B. BOX KITE

A copy of the classic RAF kite. Everyone is familiar with this design. Excellent flyer, stable, reliable. Moderate to fresh winds. 1.0m.

CONYNE BOX

Easy to assemble and reliable kite, can pull quite strongly in high wind speeds, therefore unsuitable for young children. Light to fresh winds. 1.0m.

ROUZAT BOX.

A very elegant winged box kite that is easy to assemble, simple to fly and outrageously colourful! Light to fresh winds. 1.0 m.

SQUEEZEBOX.

Not a box kite at all ! Brightly coloured 'soft' kite with no spars to break – perfect for children or travellers. Complete with 'Donkey' Tail. Light to moderate wind. 0.7m wingspan.

BAT.

Real fun kite that is easy to fly, simple to assemble and difficult to break. Perfect for children (of all ages) ! It beats its wings and glides, just like the real thing ! Light to moderate winds. 1.4m wingspan.

DRAGON.

It flaps, it glides, it swoops, it waggles it's tail and dives. The only thing it doesn't do is breath fire ! Easy to fly and very colourful, simple to assemble and difficult to break. It's magic. Light to moderate wind. 1.4m wingspan.

ANGELFISH.

Multicoloured, beautifully applied fish. Easy to assemble fibreglass frame. Brilliant flyer, an absolute angel ! Light to moderate winds. 1.1m wingspan.

ROKKAKO.

Japanese fighting kite available in two sizes. 1.0m for single flyers, or 2.2m for team competition. These kites are produced to individual designs or available from stock.

INDIAN FIGHTING KITES.

These small, highly manoeuvrable kites flown on a single light line, are made in ripstop nylon for durability, with a strong fibreglass bow and bamboo spine for a highly responsive 'feel'. Great fun to fly. Light to fresh winds. 0.6 wingspan.

FIREFLY.

Two for the price of one ! An indestructible, fast stunt kite that can also be flown on a single line. Easy to assemble, simple to fly. Moderate to fresh winds. 0.8m wingspan.

CYCLONE

A high performance swept wing, carbon frame stunt kite. Suitable for beginners and experienced flyers. At low wind speeds its brilliant, as the wind picks up, be warned it isn't called the cyclone for nothing ! 5–20 mph. 1.5m wingspan.

MISTRAL

Serious performance from the full size version of the cyclone, designed for the discerning kite flyer. Crisp turns, excellent wind edge performance combined with uniformly predictable flight speed. 4–20 mph winds. 2.2m wingspan.

Custom applique designs for both the Cyclone and Mistral available to order.
