

SKY BUMS PRICE LIST 1992

Sky Bums was opened in April 1991 by Paul & Helene Morgan of Morgan Kites. They have been making kites professionally since 1986 and now export all over the world with a range of high quality, high performance kites many of which are their own designs. Sky Bums is run by Dawn Morgan and stocks not only the Morgan Kites range but also a wide selection of fine single, two and even four line kites from around the world. Prices start at £3.75 and there are kites for both children and adults including the very latest in steerable sport kites.

HOW TO ORDER AND PAY

If you wish to order a kite by mail order you can do so in two ways. Either send your order with a cheque made out to "Sky Bums" for the correct amount plus postage (see below) or ring us and you can pay by Access or Visa. Do not forget to enclose your name and address.

POSTAGE AND PACKING

This is normally £2.50 per kite/order unless the kite is marked * which means it is too long to go through the post. These have to be sent via a courier and will cost £13.00. An alternative is for us to send just the cover and give you the sizes for the spars for you to cut yourself.

BANNERS/PLAYSAILS

We now make a range of banners for use on the beach or the flying site. They range in size from 3m to 8m and can either be plain colours stripes or intricate patterns and company logos. We will be happy to give you a quote on any ideas you may have. The banners come complete with a telescopic pole which folds down to approx 1.2m. The poles can be purchased separately @ 3.50/m

Playsails are great fun. They have a line from each corner so that they can be flown by one to four people at a time. Again they can be quite plain or as complex as you wish. To give some indication as to price a 9m² playsail with 9 coloured panels will cost 75.00

The above items lend themselves to promotional use as well as for fun.

PROMOTIONAL KITES AND WINDSOCKS

A number of the kites are suitable for company logos being applied on to them. They make very effective advertising platforms and can be used in conjunction with large windsocks with messages written on them. They are also a lot cheaper than other advertising items such as hot air balloons. We will be glad to give you a quote on any ideas you may have.

MATERIALS

Why not make a kite of your own. We now stock
Ripstop Nylon 3.50/m
Ramin Dowel from 4mm to 15mm diameter.
Glassfibre Rod from 2mm to 8mm
Carbonfibre from 3mm to 8mm

We also stock the other bits and pieces that you may require for building your own kite such as dihedral pieces, aluminium rings, clips, etc...
